

# **State of Alaska FY2011 Governor's Operating Budget**

## **Department of Commerce, Community, and Economic Development Alaska Industrial Development and Export Authority Component Budget Summary**

## Component: Alaska Industrial Development and Export Authority

### Contribution to Department's Mission

Promote, develop and advance economic growth and diversification in Alaska.

### Core Services

- Loan Participation program.
- Development Finance program - Alaska Industrial Development and Export Authority (AIDEA) owned projects.
- Conduit Revenue Bond program.
- Business and Export Assistance program.
- Rural Development Initiative Fund and Small Business Economic Development Revolving Loan Fund (AIDEA statutory programs managed by the Division of Investments).
- Staffing and administrative overhead for the Alaska Energy Authority.

### Results at a Glance

(Additional performance information is available on the web at <http://omb.alaska.gov/results>.)

#### END RESULT A: Economic growth in Alaska is promoted

- 812 permanent jobs were created or retained in Alaska by Alaska Industrial Development and Export Authority financing in FY2009, exceeding the target of 500.
- 311 construction jobs were created or maintained in Alaska by AIDEA financing in FY09, not meeting the target of 400.

#### Status of Strategies to Achieve End Result

- As of June 30, 2009, the delinquency rate was .08%, which exceeds the target of keeping loan delinquencies below the industry level of 5.10%.
- Alaska Industrial Development and Export Authority (AIDEA) exceeded its cash to debt ratio target of 1:1 with a greater than 3:1 cash to debt ratio.
- As of June 30, 2009 the highest percentage for loan portfolios was in tourism/hotel/lodge (26.14%), not exceeding the target of 50% in any one industry.

### Key Component Challenges

Increased workloads for staff resulting from:

- Constriction in the secondary capital market that results in business seeking funding in both the development finance and loan participation programs; and
- Expansion of the Ketchikan Shipyard and the Skagway Ore Terminal will lead to an increase in economic development and job growth in both Ketchikan and Skagway.

Ability to attract and evaluate diverse economic development projects for the state.

Continue to pursue the start-up of Healy Clean Coal.

Increasing the loan portfolio while maintaining the highest credit quality and generate increased earnings in FY11.

Maintain AIDEA's current credit rating on its revolving fund bonds. AIDEA's credit rating strengthens its ability to provide financing that helps promote economic growth, development and diversification in Alaska. The credit rating also has a direct relationship on the interest rate that AIDEA charges Alaskan businesses in the loan participation program.

## Significant Changes in Results to be Delivered in FY2011

No significant changes to component.

## Major Component Accomplishments in 2009

11 participated loans funded for a total of \$26,714,875 (AIDEA portion) in FY09.

Six participated loans approved and awaiting funding for a total of \$20,151,000 (AIDEA portion) at the end of FY09.

Received 19 applications for loan participations totaling \$60,635,313 (AIDEA portion) in FY09.

Completed the installation of a second ship lift and grounding grid for the Ketchikan Shipyard. Work has begun on the next phase of the project, additional uplands improvements, as part of fulfilling an Federal Transit Administration (FTA) grant. Both projects will expand the shipyard's capacity to build and repair marine craft on a year round basis. Additionally, work is underway to address long-term deferred maintenance projects at the shipyard such as cathodic protection via a state appropriation. The Ketchikan Shipyard is an AIDEA-owned development finance project that provides 120 to 150 direct jobs in Ketchikan.

Completed the first phase of upgrades to the Skagway Ore Terminal (SOT). AIDEA completed a facility-use agreement with Sherwood Copper Corporation (now Capstone Mining Corp). AIDEA also financed an expansion of the Capstone facility in late 2008, increasing Capstone's use to 40% of the facility. AIDEA also participated with the Municipality of Skagway on its Skagway Port Development Plan in 2008, and is currently working with the Municipality and on the Yukon Gateway Project.

Completed AIDEA's Strategic Management Plan and created initiatives to: enhance efficiency and effectiveness; diversify and grow AIDEA's assets to support economic development; improve existing programs and add targeted new economic development financing tools; expand the deployment and impact of AIDEA's economic development financing; and to integrate AIDEA into overall state economic development efforts.

The AIDEA board declared a \$22.72 million dividend for FY10 in FY09. Since the dividend program began in 1996, AIDEA has declared over \$250.72 million to the State of Alaska representing a return to Alaskans for their investment in the state's economy.

1007 I/A Rcpts	2,314.1											

This technical adjustment to the budget establishes Inter-Agency Receipt Authority to receive position funding from AEA Rural Energy. This aligns the budget with actual work and expenditures in lieu of unbudgeted RSA's. This corrects historical unbudgeted position funding (\$1,745.7) and provides budgeted authority for six positions (\$568.4) authorized in management plan that are funded with AEA energy capital projects and renewable energy capital projects.

**Transfer AIDEA Receipts from Personal Services to Services to align AEA funded positions with funding**

This request will fund a 10% increase for the Alaska Regional Development Organizations (ARDORs) via an RSA from Alaska Industrial Development and Export Authority (AIDEA) to the Office of Economic Development. The additional funding accommodates the new Interior Rivers Alaska Regional Development Organization (ARDOR). The 10% increase will offset the amount of ARDOR funds going to the ARDOR regions, due to the increase in ARDOR regions.

This request increased the ARDOR funding from \$720.8 to \$792.9.
